Thanks John ..that was an ancient Removal Action but the web still talks about it being a Superfund Site in the middle of Gert Town so it gets associated with the recent Lowerline Removal Actioimn

Sir,

Taking a step back and looking through my email, Janetta was sent the request as well, and has already replied to this. Leonard, and Monica, and Bryant, and Chris P. have also replied. Looks like we are missing Greg, Susan, and Ronnie's reply. Thank you for helping us out.

Very Respectfully,

Is the response to this FOIA in progress? Susan and Ronnie are in different organizations now so this may have stalled because of that. Also, I thought that Janetta was the CIC on Lower Line Removal and should have been part of the team collecting material.

Thompson Hayward was a Removal about 20 years ago

Good Afternoon Dee Dee and Beth,

We have not received a response to the initial research from Susan Webster and Ronnie Crossland regarding FOIA# EPA-R6-2019-006586. Will you please assist?

Thank-you.

The Region 6 Superfund Division has been assigned FOIA request # EPA-R6-2019-006586, for information pertaining to the presence of Radium-226 and other radioactive materials in the subsurface soil located at or near Lowerline, Coolidge and Edinburg Streets in New Orleans, Louisiana.

The Requester is *seeking any and all documents* the U.S. Environmental Protection Agency Region 6 Superfund Division may have regarding the facility listed above.

REQUESTER

"Any and all documents in the possession of the U.S. EPA regarding the presence of Radium-226 and other radioactive materials in the subsurface soil located at or near Lowerline, Coolidge and Edinburg Streets in New Orleans, Louisiana,

- 1) I am looking for records from 2013 through June 19, 2019*
- 2) Communications with the Louisiana Dept of Environmental Quality; communications with the City of New Orleans; results of environmental testing, sampling,*
- 3) Material safety data sheets; risk assessments; requests for proposal and bids from any remediation contractors including ARS Aleut Remediation, LLC;*
- 4) Any actions EPA took to warn and/or to protect Plaintiffs, other residents or other business owners of the presence of soil contamination and the risk of exposure to Radium-226 and radiation;*
- 5) Any and all documents related to the remediation of the soil in the 3400 block of Lowerline Street and the area near the former Thompson-Haywood Chemical Company;*
- 6) Any communications with any principal responsible parties who may have placed the contaminants in the soil;*
- 7) Any documents that identify the geographic area where the City distributed the "Construction Notice" and "Frequently Asked Questions" documents on or about May 18, 2019;*
- 8) Any documents that set forth when and how the City first learned about the presence of Radium-226 and other radioactive materials in the subsurface soil located at or near Lowerline, Coolidge and Edinburg Streets in New Orleans, Louisiana;*
- 9) Any and all documents that identify the contaminants identified in the soil in the 3400 block of Lowerline Street and the area near the former Thompson-Haywood Chemical Company;*
- 10) Any documents that identify any companies who obtained business permits from the City to operate any type of business at or near the 3400 block of Lowerline Street and the area near the former Thompson-Haywood Chemical Company;*
- 11) Any and all documents that set forth land use restrictions for the former Thompson-Haywood Superfund site in New Orleans, Louisiana."*

You have received this e-mail because we did locate information and or records during our due diligence research. Also, the content of this FOIA may fall under your Branch or Section.

Toeroek Associates has completed the preliminary research for this request and **we did** locate potentially responsive Superfund information within SEMS-RM, SEMS Public website and the OSC website. We searched SEMS-RM, Versatile, Envirofacts and the OSC website. The requester has provided a \$2500 fee commitment, and the *Fee Category* for this requester is *Commercial*. This **Single-Division** request is due on July 18, 2019. If you have any questions regarding the research, please let me know.

When replying to emails with your response, please reply to all. Thank you.

Sincerely,

Bianca Wright
